

### SAFETY DATA SHEET

#### PHOSPHATE LR No. 1 TABLETS

According to Preparation of Safety Data Sheets for Hazardous Chemicals Code of Practice, February 2016

OFOTION 4. Hardfordier D	advet identifier and chamical identify
12 17	oduct identifier and chemical identity
Product identifier	
Product name	PHOSPHATE LR No. 1 TABLETS
Product No.	SPH7010E, AK177, SPH7010US, AP177, CM177, CR177, PM177, CKH1177, WAG- WE10160, WAG-WE10356, SPH7010AUST, SPH7010HO
Relevant identified uses of the	e substance or mixture and uses advised against
Application	Testing water
Details of the supplier of the s	safety data sheet
Supplier	PALINTEST AUSTRALIA & ASIA/PACIFIC 1/53 LORRAINE STREET PEAKHURST NSW 2210 AUSTRALIA TEL + 61 1300 13 15 16 FAX + 61 1300 13 19 86 palintest@palintest.com.au
Emergency telephone numbe	_
Emergency telephone	+44 (0)207 858 1228 (24hr)
National emergency telephon number	e Australian Poisons Information Centre (PIC) TEL 13 11 26
SECTION 2: Hazard(s) identit	fication
Classification of the substanc	e or mixture
Physical hazards	Not Classified
Health hazards	Skin Corr. 1B - H314 Eye Dam. 1 - H318 STOT SE 3 - H335
Environmental hazards	Not Classified
Label elements	
Hazard pictograms	
Signal word	DANGER
Hazard statements	H314 Causes severe skin burns and eye damage. H335 May cause respiratory irritation.

Precautionary statements	<ul> <li>P264 Wash contaminated skin thoroughly after handling.</li> <li>P280 Wear protective gloves/ protective clothing/ eye protection/ face protection.</li> <li>P301+P330+P331 IF SWALLOWED: Rinse mouth. Do NOT induce vomiting.</li> <li>P303+P361+P353 IF ON SKIN (or hair): Take off immediately all contaminated clothing.</li> <li>Rinse skin with water/ shower.</li> <li>P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.</li> <li>P312 Call a POISON CENTER or doctor/ physician if you feel unwell.</li> </ul>
Contains	POTASSIUM HYDROGENSULPHATE

#### Other hazards

This product does not contain any substances classified as PBT (persistent, bioaccumulative and toxic) or vPvB (very persistent and very bioaccumulative).

#### Mixtures

POTASSIUM HYDROGENSULFATE	60-80%
CAS number: 7646-93-7	
Classification	
Skin Corr. 1B - H314	
Eye Dam. 1 - H318	
STOT SE 3 - H335	
ADIPIC ACID	15-20%
CAS number: 124-04-9	
Classification	
Eye Irrit. 2A - H319	
BORIC ACID	<5.5%
	-0.0 A
CAS number: 10043-35-3	
Classification	
Repr. 1B - H360FD	

The full text for all hazard statements is displayed in Section 16.

**Composition comments** This product contains a substance that is a SVHC (Substance of very high concern).

#### SECTION 4: First aid measures

Description of first aid measures	
Inhalation	Unlikely route of exposure as the product does not contain volatile substances.
Ingestion	Rinse mouth thoroughly with water. Never give anything by mouth to an unconscious person. Get medical attention.
Skin Contact	Wash skin thoroughly with soap and water. Get medical attention promptly if symptoms occur after washing.

Eye contact	Rinse immediately with plenty of water. Remove any contact lenses and open eyelids wide apart. Continue to rinse for at least 15 minutes. Get medical attention if irritation persists after washing. Show this Safety Data Sheet to the medical personnel.
Most important symptoms and effects, both acute and delayed	
Inhalation	This is unlikely to occur but symptoms similar to those of ingestion may develop.
Ingestion	May cause chemical burns in mouth and throat. May cause stomach pain or vomiting.
Skin contact	Burns can occur.
Eye contact	May cause blurred vision and serious eye damage.
Indication of any immediate m	edical attention and special treatment needed
Notes for the doctor	Treat symptomatically.
SECTION 5: Firefighting meas	sures
Extinguishing media	
Suitable extinguishing media	Use fire-extinguishing media suitable for the surrounding fire.
Special hazards arising from t	he substance or mixture
Hazardous combustion products	No known hazardous decomposition products.
Advice for firefighters	
Protective actions during firefighting	No specific firefighting precautions known.
Hazchem Code	2X
SECTION 6: Accidental release	
SECTION 6: Accidental release	
SECTION 6: Accidental release	e measures
SECTION 6: Accidental release Personal precautions, protections	e measures ve equipment and emergency procedures
SECTION 6: Accidental release Personal precautions, protections Personal precautions	e measures ve equipment and emergency procedures
SECTION 6: Accidental release Personal precautions, protecti Personal precautions Environmental precautions	ee measures ve equipment and emergency procedures Wear protective clothing as described in Section 8 of this safety data sheet. Not considered to be a significant hazard due to the small quantities used. However, large or frequent spills may have hazardous effects on the environment.
SECTION 6: Accidental release Personal precautions, protection Personal precautions Environmental precautions Environmental precautions	ee measures ve equipment and emergency procedures Wear protective clothing as described in Section 8 of this safety data sheet. Not considered to be a significant hazard due to the small quantities used. However, large or frequent spills may have hazardous effects on the environment.
SECTION 6: Accidental release Personal precautions, protection Personal precautions Environmental precautions Environmental precautions Methods and material for cont	<b>be measures</b> ve equipment and emergency procedures         Wear protective clothing as described in Section 8 of this safety data sheet.         Not considered to be a significant hazard due to the small quantities used. However, large or frequent spills may have hazardous effects on the environment.         ainment and cleaning up         Wear suitable protective equipment, including gloves, goggles/face shield, respirator, boots, clothing or apron, as appropriate. Stop leak if possible without risk. DO NOT touch spilled
SECTION 6: Accidental release Personal precautions, protection Personal precautions Environmental precautions Environmental precautions Methods and material for contents Methods for cleaning up	<b>be measures</b> ve equipment and emergency procedures         Wear protective clothing as described in Section 8 of this safety data sheet.         Not considered to be a significant hazard due to the small quantities used. However, large or frequent spills may have hazardous effects on the environment.         ainment and cleaning up         Wear suitable protective equipment, including gloves, goggles/face shield, respirator, boots, clothing or apron, as appropriate. Stop leak if possible without risk. DO NOT touch spilled
SECTION 6: Accidental release Personal precautions, protections Personal precautions Environmental precautions Environmental precautions Methods and material for content Methods for cleaning up Reference to other sections Reference to other sections	<ul> <li>we equipment and emergency procedures</li> <li>Wear protective clothing as described in Section 8 of this safety data sheet.</li> <li>Not considered to be a significant hazard due to the small quantities used. However, large or frequent spills may have hazardous effects on the environment.</li> <li>ainment and cleaning up</li> <li>Wear suitable protective equipment, including gloves, goggles/face shield, respirator, boots, clothing or apron, as appropriate. Stop leak if possible without risk. DO NOT touch spilled material! Absorb in vermiculite, dry sand or earth and place into containers.</li> </ul>
SECTION 6: Accidental release Personal precautions, protections Personal precautions Environmental precautions Environmental precautions Methods and material for content Methods for cleaning up Reference to other sections Reference to other sections	<b>be measures</b> ve equipment and emergency procedures         Wear protective clothing as described in Section 8 of this safety data sheet.         Not considered to be a significant hazard due to the small quantities used. However, large or frequent spills may have hazardous effects on the environment. <b>ainment and cleaning up</b> Wear suitable protective equipment, including gloves, goggles/face shield, respirator, boots, clothing or apron, as appropriate. Stop leak if possible without risk. DO NOT touch spilled material! Absorb in vermiculite, dry sand or earth and place into containers.         Wear protective clothing as described in Section 8 of this safety data sheet.
SECTION 6: Accidental release Personal precautions, protection Personal precautions Environmental precautions Environmental precautions Methods and material for content Methods for cleaning up Reference to other sections Reference to other sections SECTION 7: Handling and stor	<b>be measures</b> ve equipment and emergency procedures         Wear protective clothing as described in Section 8 of this safety data sheet.         Not considered to be a significant hazard due to the small quantities used. However, large or frequent spills may have hazardous effects on the environment. <b>ainment and cleaning up</b> Wear suitable protective equipment, including gloves, goggles/face shield, respirator, boots, clothing or apron, as appropriate. Stop leak if possible without risk. DO NOT touch spilled material! Absorb in vermiculite, dry sand or earth and place into containers.         Wear protective clothing as described in Section 8 of this safety data sheet.
SECTION 6: Accidental release         Personal precautions, protection         Personal precautions         Environmental precautions         Environmental precautions         Methods and material for content         Methods for cleaning up         Reference to other sections         Reference to other sections         SECTION 7: Handling and stor         Precautions for safe handling	<b>be measures</b> ve equipment and emergency procedures         Wear protective clothing as described in Section 8 of this safety data sheet.         Not considered to be a significant hazard due to the small quantities used. However, large or frequent spills may have hazardous effects on the environment. <b>ainment and cleaning up</b> Wear suitable protective equipment, including gloves, goggles/face shield, respirator, boots, clothing or apron, as appropriate. Stop leak if possible without risk. DO NOT touch spilled material! Absorb in vermiculite, dry sand or earth and place into containers.         Wear protective clothing as described in Section 8 of this safety data sheet.         rage, including how the chemical may be safely used         Good personal hygiene procedures should be implemented.
SECTION 6: Accidental release         Personal precautions, protection         Personal precautions         Environmental precautions         Environmental precautions         Methods and material for content         Methods for cleaning up         Reference to other sections         Reference to other sections         SECTION 7: Handling and stor         Precautions for safe handling         Usage precautions	<b>be measures</b> ve equipment and emergency procedures         Wear protective clothing as described in Section 8 of this safety data sheet.         Not considered to be a significant hazard due to the small quantities used. However, large or frequent spills may have hazardous effects on the environment. <b>ainment and cleaning up</b> Wear suitable protective equipment, including gloves, goggles/face shield, respirator, boots, clothing or apron, as appropriate. Stop leak if possible without risk. DO NOT touch spilled material! Absorb in vermiculite, dry sand or earth and place into containers.         Wear protective clothing as described in Section 8 of this safety data sheet.         rage, including how the chemical may be safely used         Good personal hygiene procedures should be implemented.

	The identified uses for this product are detailed in Section 4
Specific end use(s)	The identified uses for this product are detailed in Section 1.
SECTION 8: Exposure contro	bis and personal protection
Ingredient comments	OES = Occupational Exposure Standard. MEL = Maximum Exposure Limit. ACGIH = US Standard.
Exposure controls	
Protective equipment	
Eye/face protection	Eyewear complying with an approved standard should be worn if a risk assessment indicates eye contact is possible. The following protection should be worn: Chemical splash goggles.
Hand protection	It is recommended that chemical-resistant, impervious gloves are worn. Wear protective gloves made of the following material: Nitrile rubber.
Hygiene measures	No specific hygiene procedures recommended but good personal hygiene practices should always be observed when working with chemical products.
Respiratory protection	No specific recommendations. Respiratory protection may be required if excessive airborne contamination occurs.
SECTION 9: Physical and ch	emical properties
Information on basic physical	and chemical properties
Appearance	Solid
Colour	White.
Odour	Odourless.
Solubility(ies)	Soluble in water.
Other information	No data available.
SECTION 10: Stability and re	pactivity
Reactivity	There are no known reactivity hazards associated with this product.
Stability	Stable under the prescribed storage conditions.
Possibility of hazardous reactions	No data available.
Conditions to avoid	There are no known conditions that are likely to result in a hazardous situation.
Materials to avoid	No specific material or group of materials is likely to react with the product to produce a hazardous situation.
Hazardous decomposition products	Heating may generate the following products: Toxic and corrosive gases or vapours.
SECTION 11: Toxicological information	
Information on toxicological e	

Information on toxicological effects

Toxicological effects

May damage fertility or the unborn child if swallowed.

	Course course ship humo and our demons. May appear provide the initial
Other health effects	Causes severe skin burns and eye damage. May cause respiratory irritation.
Acute toxicity - oral Summary	May damage fertility or the unborn child if swallowed.
Acute toxicity - dermal Summary	Causes severe skin burns and eye damage.
Acute toxicity - inhalation	
Summary	May cause respiratory irritation.
Skin corrosion/irritation	
Summary	Causes severe skin burns and eye damage.
Serious eye damage/irritation Summary	Causes severe skin burns and eye damage.
Reproductive toxicity Summary	May damage fertility or the unborn child if swallowed.
Inhalation	May cause respiratory irritation.
Ingestion	May damage fertility or the unborn child if swallowed.
Skin Contact	Causes severe skin burns and eye damage. Causes
Eye contact	severe skin burns and eye damage.
SECTION 12: Ecological infor	mation
Ecotoxicity	Not considered to be a significant hazard due to the small quantities used. However, large or frequent spills may have hazardous effects on the environment.
Ecotoxicity	
-	frequent spills may have hazardous effects on the environment.
Toxicity Persistence and degradability	frequent spills may have hazardous effects on the environment.
Toxicity Persistence and degradability	frequent spills may have hazardous effects on the environment. No data available.
Toxicity Persistence and degradability Persistence and degradability	frequent spills may have hazardous effects on the environment. No data available.
Toxicity Persistence and degradability Persistence and degradability Bioaccumulative potential	frequent spills may have hazardous effects on the environment. No data available. There are no data on the degradability of this product.
Toxicity Persistence and degradability Persistence and degradability Bioaccumulative potential Bioaccumulative Potential	frequent spills may have hazardous effects on the environment. No data available. There are no data on the degradability of this product.
Toxicity Persistence and degradability Persistence and degradability Bioaccumulative potential Bioaccumulative Potential Mobility in soil	frequent spills may have hazardous effects on the environment. No data available. There are no data on the degradability of this product. No data available on bioaccumulation.
Toxicity Persistence and degradability Persistence and degradability Bioaccumulative potential Bioaccumulative Potential Mobility in soil Mobility	frequent spills may have hazardous effects on the environment. No data available. There are no data on the degradability of this product. No data available on bioaccumulation.
Toxicity Persistence and degradability Persistence and degradability Bioaccumulative potential Bioaccumulative Potential Mobility in soil Mobility Other adverse effects	frequent spills may have hazardous effects on the environment. No data available. There are no data on the degradability of this product. No data available on bioaccumulation. The product is soluble in water. No data available.
Toxicity Persistence and degradability Persistence and degradability Bioaccumulative potential Bioaccumulative Potential Mobility in soil Mobility Other adverse effects Other adverse effects	frequent spills may have hazardous effects on the environment. No data available. There are no data on the degradability of this product. No data available on bioaccumulation. The product is soluble in water. No data available.
Toxicity Persistence and degradability Persistence and degradability Bioaccumulative potential Bioaccumulative Potential Mobility in soil Mobility Other adverse effects Other adverse effects SECTION 13: Disposal consid	frequent spills may have hazardous effects on the environment. No data available. There are no data on the degradability of this product. No data available on bioaccumulation. The product is soluble in water. No data available.
Toxicity Persistence and degradability Persistence and degradability Bioaccumulative potential Bioaccumulative Potential Mobility in soil Mobility Other adverse effects Other adverse effects SECTION 13: Disposal consid Waste treatment methods	frequent spills may have hazardous effects on the environment. No data available. There are no data on the degradability of this product. No data available on bioaccumulation. The product is soluble in water. No data available. The product is soluble in water. Dispose of waste to licensed waste disposal site in accordance with the requirements of the local Waste Disposal Authority.
Toxicity Persistence and degradability Persistence and degradability Bioaccumulative potential Bioaccumulative Potential Mobility in soil Mobility Other adverse effects Other adverse effects SECTION 13: Disposal consid Waste treatment methods Disposal methods	frequent spills may have hazardous effects on the environment. No data available. There are no data on the degradability of this product. No data available on bioaccumulation. The product is soluble in water. No data available. The product is soluble in water. Dispose of waste to licensed waste disposal site in accordance with the requirements of the local Waste Disposal Authority.

Air transport notes	The product is not subject to the requirements of IATA as packaged based upon "De Minimis Quantities" as per IATA Dangerous Goods Regulations subsection 2.6.10.1
